|  |             |
|--|-------------|
| <b>Publication Information</b>   | <b>ii</b>   |
| <b>Summary</b>   | <b>iii</b>  |
| Australia  | iii         |
| Summary – New Zealand  | iv          |
| <b>List of Figures</b>   | <b>vii</b>  |
| <b>List of Tables</b>  | <b>viii</b> |
| <b>Introduction</b>  | <b>1</b>    |
| The “users” of biotech are increasing and diversifying                 | 1           |
| The industry is flourishing, not floundering                           | 1           |
| <b>Snapshot of Australia and New Zealand</b>                           | <b>3</b>    |
| <b>Overview of the Industry in Australia in 2005</b>                   | <b>5</b>    |
| Trends in Biotechnology Companies                                      | 5           |
| Trends in Devices Companies  | 6           |
| Business R&D   | 7           |
| Industry as Users of Biotechnology                                     | 8           |
| Patents  | 8           |
| <b>Trends In Company Financing</b>                                     | <b>9</b>    |
| Funding of new companies   | 9           |
| Life sciences pre-seed funds   | 9           |
| New stock market listings  | 10          |
| Trends in the market capitalisation of listed companies                | 14          |
| Underlying value   | 19          |
| Role of government   | 21          |
| <b>Australian Public Sector Research Capability</b>                    | <b>23</b>   |
| R&D System   | 23          |
| National R&D Funding programs  | 23          |
| Major international awards for Australian research & commercialisation | 26          |
| Protecting Intellectual Property in Research Institutes                | 28          |

|   |           |
|---|-----------|
| <b>Role of Federal Government</b>                             | <b>29</b> |
| Funding and Grants  | 29        |
| Regulatory Framework  | 31        |
| Action Agendas  | 34        |
| <b>Australia in the Global Context</b>                        | <b>35</b> |
| Alliances   | 35        |
| <b>New Zealand Overview</b>                                   | <b>39</b> |
| Government Support  | 41        |
| Intellectual Property   | 43        |
| Financing   | 45        |
| Major Government regulatory initiatives                       | 46        |
| <b>Outlook for Australian and New Zealand biotech in 2006</b> | <b>48</b> |
| <b>References</b>   | <b>49</b> |
| <b>Appendix – data Tables</b>                                 | <b>50</b> |
| <b>About Innovation Dynamics</b>                              | <b>76</b> |
| <b>About The Authors</b>                                      | <b>77</b> |

## LIST OF FIGURES

---

|                   |  |    |
|-------------------|--|----|
| <b>Figure 1:</b>  | Target Sub-Sectors for Biotech Firms Formed in 2004/05   | 5  |
| <b>Figure 2:</b>  | Target Sub-sectors for medical devices firms formed in 2004/05                                   | 6  |
| <b>Figure 3:</b>  | Australian patents awarded to biotech and medical devices companies, 2004/05                     | 8  |
| <b>Figure 4:</b>  | Start-up funding for biotech firms formed in last three years                                    | 9  |
| <b>Figure 5:</b>  | Reasons for listing, biotech and devices companies, over two five year periods                   | 13 |
| <b>Figure 6:</b>  | ASX Biotech devices indices, 2001-2006   | 16 |
| <b>Figure 7:</b>  | Comparison of the EGC Biotech Index with the All Ordinaries and NASDAQ Biotech Indices           | 17 |
| <b>Figure 8:</b>  | Biotech-related ARC Linkage grants by State of R&D institution, 2005                             | 25 |
| <b>Figure 9:</b>  | Australian-invented US biotech patents assigned to Australian R&D institutions, by calendar year | 28 |
| <b>Figure 10:</b> | Commercial Ready grants for biotech, medical devices and healthcare, January 2005 – June 2005    | 30 |
| <b>Figure 11:</b> | Life sciences company alliances by Location, January – December 2005                             | 35 |
| <b>Figure 12:</b> | NZ life sciences company alliances by Location, Calendar 2005                                    | 40 |
| <b>Figure 13:</b> | US Biotech patents granted to New Zealand inventors, 2002-2005, by type of assignee              | 44 |
| <b>Figure 14:</b> | Change in market capitalisation of biotech companies listed before July 2001                     | 54 |
| <b>Figure 15:</b> | Change in market capitalisation of biotech companies listed after July 2001                      | 55 |
| <b>Figure 16:</b> | Change in market capitalisation of medical device companies listed before July 2001              | 56 |
| <b>Figure 17:</b> | Change in market capitalisation of medical device companies listed after July 2001               | 57 |

## LIST OF TABLES

---

|                  |   |    |
|------------------|---|----|
| <b>Table 1:</b>  | Major Events in Australia in 2005   | 4  |
| <b>Table 2:</b>  | Number of Current Core Biotech Companies by State and Sub-Sector  | 5  |
| <b>Table 3:</b>  | Number of Current Devices Companies by State and Sector Class   | 6  |
| <b>Table 4:</b>  | Expenditure on biotechnology-related R&D by industry  | 7  |
| <b>Table 5:</b>  | US Biotech patents granted to Australian inventors and assigned to companies, by State of investor, 2005    | 8  |
| <b>Table 6:</b>  | New Biotechnology Companies Listing January 2005 to December 2005   | 10 |
| <b>Table 7:</b>  | Devices Companies Listing January- December 2005  | 11 |
| <b>Table 8:</b>  | Top Ten Biotech Firms by Market Cap in 2005   | 14 |
| <b>Table 9:</b>  | Top Ten Devices Firms by Market Cap in 2005   | 14 |
| <b>Table 10:</b> | Summary of market capitalisation of biotech and medical devices companies                                   | 18 |
| <b>Table 11:</b> | Status of BIF grant recipients at end in 2005   | 21 |
| <b>Table 12:</b> | Fate of BIF-funded companies, by State  | 22 |
| <b>Table 13:</b> | Major Infrastructure Initiatives announced in 2004/05   | 23 |
| <b>Table 14:</b> | Summary of biotech-related NH&MRC Project Grants for 2006   | 24 |
| <b>Table 15:</b> | Biotech-related NH&MRC Project Grants for 2006, by State and Institutional Type                             | 24 |
| <b>Table 16:</b> | Summary of NHMRC Program Grants for 2006  | 25 |
| <b>Table 17:</b> | US Biotech patents granted to Australian inventors and assigned to public sector R&D institutions, by State | 28 |
| <b>Table 18:</b> | Commonwealth Funding of Science and Innovation Budgeted for 2005/06   | 29 |
| <b>Table 19:</b> | Permits for Intentional Release of GMOs, January 2005 – December 2005                                       | 31 |
| <b>Table 20:</b> | Approvals for biotechnology-based chemicals and veterinary pharmaceuticals, July 2004 – June 2005           | 32 |
